## President's Message

### Success

"Success" is by definition different things to different people. We all view it in our own way. But "success" in the gun club business is usually defined by very specific things. Money in the bank is one, numbers of members is another and, let's not forget the amount of targets thrown in a given year. If you are a member in good standing in 2005 I have good news for you. Our club has been very successful in the past years. We are bigger than ever, we have more members than ever and we throw more targets than ever, so yes, we are successful in those terms. However let's look beyond the obvious and look at what really makes that success happen. We have some of the, if not the, greatest employees any business could every hope to have, from our counter help right on down to our trap help. You would have to go a long way to find any better. That did not just happen though.

## Dave's Shooting Update

### Farewell Message

To all,

The 2005 season is in the final planning stages. It looks like we will have a monthly bowling pin shoot starting in April. Along with that there will be bi-monthly action shoots.

You might have seen my last article in last month's newsletter. I have taken a new job up in WI and have resigned from the Board. Jeff Johansen is the new Director of the Rifle / Pistol Range. He will be sending out a note shortly on the dates and times of this year's shoots.

Thank you for making these rifle / pistol events so successful. I enjoyed the camaraderie at these shoots. It was one of the highlights of my month. I hope to be around for the first couple of shoots before moving behind the Cheddar Curtain (WI). Perhaps we can have a ceremonial burning of my FOID card, as I won't need it in WI.

Make it a point this year to introduce someone new to one of the shooting sports this year.

*Shoot safe, Shoot Often*

**President's letter** *continued*

It has taken several years to form a team of good people, so when you see them at the club say thank you for a great job, because they need and deserve to hear that from us, the members of the club.

Our members have also made us a success, through contributions of all the varied talents that they possess. We have been able to do so many great things in the past years. We continue to make money and we continue to spend money. However, I for one believe that we spend money to make the club a better place. A "first class" recreational shooting facility if you will. With each passing month and year my hope is that we will continue to make improvements at the club. When I first started at the club I was given the job of trap chairman and then worked into ATA chairman. My belief then, as it is now, is not to be the biggest but to be the "very best club around". I believe that we as a club have found that niche so to speak. Like I stated earlier, this did not happen overnight. It has taken some time, but if you compare clubs you can see for yourself what a great job you've done and what a great club we have. So let's keep up the good work and let's keep improving our club and taking time to enjoy all we have. With the good weather coming up I, for one, am looking forward to enjoying my club to the fullest. I hope to see all of you at the club soon.

Remember, share you sport.  
Good shooting.

...Bob Scherf  
SCSC President

**Sporting Clays Clinic**

**Free For Members**

There will be a Sporting Clays Clinic offered at St. Charles Sportsmens' Club. It is free to SCSC members. There will be a seminar to discuss Sporting Clays fundamentals including information about chokes on April 29th at 7PM. It will be followed by a Sporting Clays Clinic on May 1st at 9AM. Interested participants need to attend both days. The seminar and clinic will be taught by NSCA Certified Sporting Clays Instructors who are Master Class Shooters and members of the All State Team.

Contact Jim Pittenger at 847-658-7904 for more info and to register.

**Old Glory Fying Proudly at SCSC**

**New Flag**

Thanks to Darlene Cross for noticing the decrepit condition of our Club's flag and for donating a new flag to replace the faded and tattered one that had seen better days. Darlene is an Army veteran and former R.O.T.C. graduate. Darlene also won "Most Improved Shooter" status in the Spring 2004 Trap League. She is a frequent visitor to the range and enjoys shooting trap, skeet and wobble trap.

Thanks again Darlene for the flag and for serving your country. We appreciate your contribution.

**Fast Facts**

- There are more sportsmen than people who collect Social Security retirement benefits.
- There are twice as many sportsmen as there are members of labor unions.
- Sportsmen could fill every NFL and Major League Baseball stadium, as well as every NASCAR track six-times over.
- There are as many hunters as residents of New York City, Los Angeles, and Houston combined.
- 575,000 jobs in the United States were supported by hunters in 2001.
- Sportsmen support more jobs than Wal-Mart, the country's largest employer.
- Hunters support more jobs than all the nation's top commercial airlines combined.

## Membership Update

### Renewal Information

The 2005 Membership renewal period has ended. The 2005 stickers are at the club house for you to pick up and place on your picture ID card. If there isn't one there for you, there could be a couple of reasons. We may not have a COPY of your current FOID card. (you may have written the number and expiration date on the renewal form but did not submit a copy). Or there is still a discrepancy on the hours paid and hours logged in the work book. In any case, please call me to find out what is your particular situation .

Andrea and I want to thank those members who completed everything in a timely manner and made our job easier by doing so. Now that we have gone full circle on a membership cycle, we now know how to improve and streamline the process. Our recommendations will be submitted at future board meetings.

### New Member Orientation

To become full time members all probationary members must submit 2 passport size photos and a copy of their FOID. In addition they must complete 8 hours of work time and complete one member orientation meeting during their probation period. The meetings are given quarterly so probationary members normally have two meetings to choose from.

Next meeting - Wednesday, May 11th at 7:00PM

July meeting - Details TBA

### New February Members

Mike DiRienzo	Randal Parks
Jim Tonne	William Odegard
Steve Radez	Jeremiah Creamer
Mark Braunstein	Christopher Duffy

### New March Probationary Members

## Special Notice to Members

### Illegal Calibers Found

There have been illegal caliber shells found at the Rifle/Pistol range. This is an ongoing problem which has forced the Board to take action. Any illegal caliber shell that is found at the range in the future shall force the closure of the Rifle/Pistol Range for 30 days. Know the rules! Any caliber handgun (NO MAGNUM LOADS) and only rimfire and black powder rifles are allowed. Members, if you see someone using illegal loads please tell them to stop and/or report the violation to the Board. It takes only one stray bullet that leaves the confines of the club and only one or two people who don't believe in following the rules to take away the privileges of the rest of the responsible members. Please don't let that happen. Be aware of what your neighbor is doing on the range.

...Bob Scherf  
President

### Letter To Members & Non Members

This Letter is to inform you that any MEMBER or NON-MEMBER found trying to move or fix any of the Trap Machines, will be brought up before the Board. We now have a Maintenance Committee who will take care of any problems. Thank you in advance for your support in this matter!

...Frank Kubica  
Director / Machine Maintenance

### Shooting Time Limit

Shooting MUST STOP on all ranges by 10:00PM sharp. Anyone caught violating this regulation will be brought before the board. We need to maintain a good neighbor policy with the surrounding development of new housing and neighbors. Right now we voluntarily stop shooting at 10PM as a courtesy. If we start getting too many complaints, the town of Elburn may be forced to mandate that shooting must stop at 10PM which could be the beginning of many more restrictions down the road. We certainly don't want that!

Be a good neighbor!

...Bob Scherf  
President

### Two Shell Rule

Club Rules states that a maximum of only TWO Shotgun shells are allowed to be used in a shotgun on club property while shooting Sporting Clays, Skeet, or Doubles Trap. Violators will be brought before the Board.

The ONLY exception is during special sanctioned club events.

...Bob Scherf  
President
