President's Message

Quality Defines Us

What makes our club so special? Well, there are many things that contribute but one quality that jumps out at me is the fact that we are not just a trap or skeet or sporting clays or rifle/pistol club. We are more. We are a target shooting club. This distinction may seem odd to you but if you were to visit some of the other clubs around us you will find that they are only a trap club or sporting clays or skeet club because that is all they have to offer their members. Another reason is that people in a particular club will lean towards one venue and the club will offer only that preferred activity. I believe our club is different. At least it has been as long as I have been involved in it.

President's Message *continued...*

We are a target shooting club because everyone has the opportunity to partake in all the shooting sports on an equal basis. No one activity rules what can be done on a given day at our club and this distinction sets us apart from other clubs. Let us be thankful for that.

We have members who only hunt or shoot trap, skeet, sporting clays or rifle/pistol or fish in the lake. It's important to remember that we cannot be all things to all people or all groups but we are blessed to have the variety that we have and we need to thank all those who came before us and had the foresight to create and maintain the stewardship of what we have now. There are times when I think about the possibilities of having a club that is twice our size. It just wows me to think of what we could accomplish. But I also realize that we have accomplished an amazing amount by efficiently managing what we currently have. As an example, just last year, our club threw more targets than clubs twice our size. This is quite an accomplishment to be proud of. And it is all because of you, the members, who support the club with your dues, work hours and involvement with the stewardship of the club. You are the backbone of our success. So I wish to say "thank you" for being members. Without you we wouldn't have the quality club that we have today. So, as the shooting season starts to get into full swing, I encourage you to come out and enjoy that which you have helped create. It is truly a great club.

Remember to share your sport and bring a friend to the club. God bless America. Hope to see you all shooting.

ATA Shoot Volunteer Needs

The SCSC ATA Program welcomes and can always utilize volunteer efforts by Club members. We welcome both volunteers who can work a few hours as well as those who want to make a longer term commitment to this successful Club activity.

Over the years we have developed a knowledgeable group of members who work every shoot. We are always interested in new additions to this staff, members who wish to learn and carry out the various functions involved in a registered shoot. Please understand that this effort involves several long days of work and once begun requires training and the development of experience that we are unable to do time and again, thus we need volunteers who can be counted on for a continuing series of shoots.

In addition to longer term volunteers and the work opportunities listed below, a person is needed to handle the work at home distribution of prize payout checks for the 6/3, 7/15, and 10/7 shoots. The ability to pick up materials and deliver the completed work for mailing is necessary for this assignment.

For further information on all of these opportunities please contact Cle Rector at 630 784-9655 or cle.k80@sbcglobal.net.

Darrell Scott Testimony

May 1999 Speech to Congress

Guess our national leaders didn't expect this, hmm? On Thursday, Darrell Scott, the father of Rachel Scott, a victim of the Columbine High School shootings in Littleton, Colorado, was invited to address the House Judiciary Committee's subcommittee. What he said to our national leaders during this special session of Congress was painfully truthful.

They were not prepared for what he was to say, nor was it received well. It needs to be heard by every parent, every teacher, every politician, every sociologist, every psychologist, and every so-called expert! These courageous words spoken by Darrell Scott are powerful, penetrating, and deeply personal. There is no doubt that God sent this man as a voice crying in the wilderness. The following is a portion of the transcript:

“Since the dawn of creation there has been both good & evil in the hearts of men and women. We all contain the seeds of kindness or the seeds of violence. The death of my wonderful daughter, Rachel Joy Scott, and the deaths of that heroic teacher, and the other eleven children who died must not be in vain. Their blood cries out for answers.

The first recorded act of violence was when Cain slew his brother Abel out in the field. The villain was not the club he used. Neither was it the NCA, the National Club Association. The true killer was Cain, and the reason for the murder could only be found in Cain's heart.

In the days that followed the Columbine tragedy, I was amazed at how quickly fingers began to be pointed at groups such as the NRA. I am not a member of the NRA. I am not a hunter. I do not even own a gun. I am not here to represent or defend the NRA - because I don't believe that they are responsible for my daughter's death. Therefore I do not believe that they need to be defended. If I believed they had anything to do with Rachel's murder I would be their strongest opponent.

I am here today to declare that Columbine was not just a tragedy — it was a spiritual event that should be forcing us to look at where the real blame lies! Much of the blame lies here in this room. Much of the blame lies behind the pointing fingers of the accusers themselves. I wrote a poem just four nights ago that expresses my feelings best. This was written way before I knew I would be speaking here today:

continued next column

*“Your laws ignore our deepest needs,
Your words are empty air.
You've stripped away our heritage,
You've outlawed simple prayer.
Now gunshots fill our classrooms,
And precious children die.
You seek for answers everywhere,
And ask the question “Why?”
You regulate restrictive laws,
Through legislative creed.
And yet you fail to understand,
That God is what we need.”*

Men and women are three-part beings. We all consist of body, mind, and spirit. When we refuse to acknowledge a third part of our make-up, we create a void that allows evil, prejudice, and hatred to rush in and wreak havoc. Spiritual presences were present within our educational systems for most of our nation's history. Many of our major colleges began as theological seminaries. This is a historical fact. What has happened to us as a nation? We have refused to honor God, and in so doing, we open the doors to hatred and violence. And when something as terrible as Columbine's tragedy occurs — politicians immediately look for a scapegoat such as the NRA. They immediately seek to pass more restrictive laws that contribute to erode away our personal and private liberties. We do not need more restrictive laws. Eric and Dylan would not have been stopped by metal detectors. No amount of gun laws can stop someone who spends months planning this type of massacre. The real villain lies within our own hearts.

As my son Craig lay under that table in the school library and saw his two friends murdered before his very eyes, he did not hesitate to pray in school. I defy any law or politician to deny him that right! I challenge every young person in America, and around the world, to realize that on April 20, 1999, at Columbine High School prayer was brought back to our schools. Do not let the many prayers offered by those students be in vain. Dare to move into the new millennium with a sacred disregard for legislation that violates your God-given right to communicate with Him. To those of you who would point your finger at the NRA — I give to you a sincere challenge. Dare to examine your own heart before casting the first stone!

My daughter's death will not be in vain! The young people of this country will not allow that to happen!”

Do what the media did not - - let the nation hear this man's speech.

Bylaws Change

Club Audit Necessitates Change

Based on a recent club audit report, SCSC will need to make changes to the bylaws regarding membership types/levels in order to meet the IRS requirements of our not for profit status. The following motion (see below) to change the bylaws will be presented at the June membership meeting and again at the July membership meeting. The proposed bylaw change will be voted on without further discussion at the August membership meeting. The proposed change must be approved by 2/3 of members present in a secret ballot. All members are invited to attend these meetings to get clarification on these changes. This information is privy to members only and will not be discussed outside of the meetings. Thank you for your support in this matter.

Article III

Section O: (New Section)

The Board of Directors with Membership approval shall have the power to expand the types/levels of memberships to the St. Charles Sportsmen's Club. Members shall be provided notice of these proposed changes in the month before the approval vote is called. This shall include dues, fees (shooting and initiation) and work hours and benefits associated with proposed memberships.

Special Notice to Members

Illegal Calibers Found

There have been illegal caliber shells found at the Rifle/Pistol range. This is an ongoing problem which has forced the Board to take action. Any illegal caliber shell that is found at the range in the future shall force the closure of the Rifle/Pistol Range for 30 days. Know the rules! Only handgun calibers on the posted list (NO MAGNUM LOADS). Caplock and Flintlock type black powder rifles and pistols, firing round ball projectiles and rimfire .22 rifles are allowed. (NO Inline style back powder guns are allowed because of their higher velocity.) Members, if you see someone using illegal loads please tell them to stop and/or report the violation to the Board. It takes only one stray bullet that leaves the confines of the club and only one or two people who don't believe in following the rules to take away the privileges of the rest of the responsible members. Please don't let that happen. Be aware of what your neighbor is doing on the range.

...Bob Scherf
President

Letter To Members & Non Members

This Letter is to inform you that any MEMBER or NON-MEMBER found trying to move or fix any of the Trap Machines, will be brought up before the Board. We now have a Maintenance Committee who will take care of any problems. Thank you in advance for your support in this matter!

...Frank Kulica
Director / Machine Maintenance

Shooting Time Limit

Shooting MUST STOP on all ranges by 10:00PM sharp. Anyone caught violating this regulation will be brought before the board. We need to maintain a good neighbor policy with the surrounding development of new housing and neighbors. Right now we voluntarily stop shooting at 10PM as a courtesy. If we start getting too many complaints, the town of Elburn may be forced to mandate that shooting must stop at 10PM which could be the beginning of many more restrictions down the road. We certainly don't want that!

Be a good neighbor!

...Bob Scherf
President

Two Shell Rule

Club Rules states that a maximum of only TWO Shotgun shells are allowed to be used in a shotgun on club property while shooting Sporting Clays, Skeet, or Doubles Trap. Violators will be brought before the Board.

The ONLY exception is during special sanctioned club events.
