President's Message

"The Occasional Member"

What seems to be one criticism of late is the lack of dissemination of information to our membership by the board of directors and the officers. Some would say, "Well, had I known that I would have been there to protest." We try very hard to keep all members informed via our club's newsletter. Some would say we should make every effort to get information or the "word" of change out to all members at least one month, preferably two months before any actual decisions are made, so they could be at that meeting. Could we as a board of directors and officers do a better job of getting the "word" out to all members? Perhaps, but do we really need to? What I mean to say, really, is that we have had a meeting each and every month and we mailed a newsletter to each member every month.

Trapshooting Clinic Offered

Frank Hoppe Clinic

Openings still available! Sign up now!

Frank discusses the fundamentals then individually has you shoot 5 targets at 1, 3 and 5 with him to determine areas to improve. He then squads up everyone in two squads and watches as you shoot. He will talk to students as you go and at times stop the squad to help individuals. He wants people to think for themselves to be able to realize what and when they are doing fundamentals incorrectly so self improvement can occur. If a student can accomplish this, then better shooting will occur over time as you are able to correct mistakes yourself. He is able to tell you why you miss and how to correct it instead of just saying where you missed.

Two rounds of singles are followed by two rounds of handicap and two rounds of doubles. Frank will then help students focus on shooting more of any targets they want.

The clinic is a one day event. We will have 3 days worth of clinics to allow 30 members or friends the opportunity to attend.

Frank begins with a discussion that covers fundamentals, gun control, mind control, where to look for the targets, follow through, stance, dominant eye, the mount, your attitude and move. After this discussion and answer period, shooters work on the 16 yard line.

Frank watches and guides each shooter through each target. He helps the shooter analyze why they miss a target, if that should happen. Frank helps shooters with special problems and gives them a remedy for that problem.

After a working lunch break, shooters work on handicap and end with doubles. Inbetween each shooting session, there is a question and answer period. Class ends around 6:00, or when everyone is satisfied, usually with 225-300 targets shot.

Cost: \$200 per day plus targets.

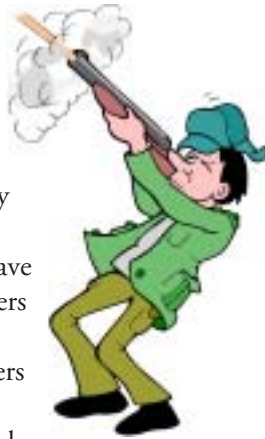

A \$100 non-refundable deposit is required to hold your place.

The contact is me, Kent Burns 630-673-2360

We would like to fill all the clinics with members and their family if possible.

The clinic dates are Oct 14, 15 and 16. Friday through Sunday.

Lunch will be served at the club.

President's Message *continued...*

This brings me to my point regarding "the occasional member". Your club used to spend some where between \$460.00 and \$470.00 each month to mail a newsletter. As of last month the board decided to ask each member to provide an e-mail address so that they could receive notice that a newsletter was on line and they could view an "e" version of the newsletter. That one decision alone will save your club \$5500.00 a year in printing costs and postage. So far, to date, we have 120 members on board with e-mail addresses. That is 120 out of 450 members. So what does this say to me? Well I guess 330 members just really don't care about what is happening at our club. Hence my term "occasional member". Now that may be fine with you, but if you don't care enough about what is going on at your club, then you will have missed the boat, so to speak. Several months ago I challenged each and every member to attend meetings. Some of you have and to you I say thank you. To the rest of you who expect the board of directors or officers to delay a decision regarding the on-going operation of the club until such time that all "maybe" interested parties are notified is just plain "tom foolery". So if you are a member and you care about what is going on, then, act like a member and come to the meetings and be heard. Otherwise, as I said earlier, you just "missed the boat".

Remember to share you sport and enjoy your club.
Good shooting and see you at the club.

Argentina Dove Hunt

Hunting Opportunity

Hunt package includes 4 days of shooting with 100 boxes of shells included - Free.

This is the same trip we took in 2000. On that trip we had 8 shooters, for 3 days, and harvested 21,741 doves.

This is the same trip BUT because of the favorable exchange rate, we are getting an extra day (4 days total) PLUS 2,500 shells free.

We have room for about six more shooters.

The cost is \$1995 plus airfare which includes meals and lodging.

Hunt is scheduled for October 8-14, 2005. Cost is \$1995.00 plus airfare. Great accommodations and super food. Contact Hank Erwin at 630-327-1633 for more info. Call now!

Wobble Update

Illinois State Wobble Shoot

On Sunday, August 21, 2005 Bob Scherf earned the honor of being the second Illinois State Wobble Championship with his score of 188. Larry Nemece was State Runner-up with a score of 183. Class Winners were Frank Kubica A Class 165; Miles Hyde B Class 181; C Class Mike Nelson 181; and D Class Tom Berry 171; High Lady Rosemary Jendras 147. Congratulations to all the winners and thank you to all those who participated in this event.

We had a lot of positive feedback from all those who participated stating they really had fun at these events. I hope that next year we can get more people involved in this activity. They are low key and a great way to enter into the competitive shooting sports. A little competition usually improves ones skills and pushes us a little to be the best we can be! In addition, I firmly believe that shooting Wobble will make you a better trap shooter, as you have to stay focused and keep you eye on every target.

We are going to plan our dates much earlier in 2006 and give everyone time to get these events on their calendars. With a little bit of planning we hope to offer more opportunities to shoot registered Wobble Trap during 2006. Plus, we will get our shoots published on the Association Website, as I would really like to attract shooters from other clubs to our events. Have a great off-season and come join us next year at the Wobble events.

A.I.M. Fun Duck Shoot

A Lot of Fun!

Allied Illinois Markswomen is having its annual Fun Duck Shoot on October 2nd, 2005. Participants in the past have enjoyed it immensely. It consists of a Sporting Clays Course complete with decoys and scenarios to simulate real live hunting situations. Bring your semi-automatic shotgun because some stations require more than two shots at a time.

A big THANK YOU to all volunteers and participants who helped make the AIM Annual Charity Shoot successful. We at AIM and the Dystonia Medical Research Foundation appreciate your support.

Thanks again!

Public Act 094-0387

SB2103 EnrolledLRB094 11205 LCB 41905 b
AN ACT in relation to immunity.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Premises Liability Act is amended by changing

Section 5 as follows:

(740 ILCS 130/5)

Sec. 5. Firearm ranges; liability.

(a) As used in this Section, "firearm range" means a rifle, pistol, silhouette, skeet, trap, black powder, or other similar range in this State used for discharging firearms in a sporting event, for practice or instruction in the use of a firearm, or for the testing of a firearm. "Firearm range" also includes licensed shooting preserves and public hunting areas operated or licensed by the Department of Natural Resources.

(b) An owner or operator of a firearm range in existence on January 1, 1994, is immune from any criminal liability arising out of or as a consequence of noise or sound emissions resulting from the normal use of the firearm range. An owner or operator of a firearm range is not subject to any action for public or private nuisance or trespass and no court in this State shall enjoin the use or operation of a firearm range on the basis of noise or sound emissions resulting from the normal use of the firearm range.

(c) An owner or operator of a firearm range placed in operation after January 1, 1994, is immune from any criminal liability and is not subject to any action for public or private nuisance or trespass arising out of or as a consequence of noise or sound emissions resulting from the normal use of the firearm range, if the firearm range conforms to any one of the following requirements:

- (1) All areas from which a firearm may be properly discharged are at least 1,000 yards from any occupied permanent dwelling on adjacent property.
- (2) All areas from which a firearm may be properly discharged are enclosed by a permanent building or structure that absorbs or contains sound energy escaping from the muzzle of firearms in use.
- (3) If the firearm range is situated on land otherwise subject to land use zoning, the firearm range is in compliance with the requirements of the zoning authority.
- (4) The firearm range is operated by a governmental entity or is licensed by the Department of Natural Resources.

Trapshooting Price Increase

Effective September 1st!

Due to the increasing cost of targets and shipping transportation costs, the board has reluctantly voted to **increase** the cost of a round of Trap for members from **\$3.00 to \$3.25 if bought at the counter**. Member Shooting Cards for 10 rounds of Trap will increase from **\$27.50 to \$30.00**. This rate increase will be effective September 1st, 2005.

Special Notice to Members

Illegal Calibers Found

There have been illegal caliber shells found at the Rifle/Pistol range. This is an ongoing problem which has forced the Board to take action. Any illegal caliber shell that is found at the range in the future shall force the closure of the Rifle/Pistol Range for 30 days. Know the rules! Any caliber handgun (NO MAGNUM LOADS) and only rimfire and black powder rifles are allowed. Members, if you see someone using illegal loads please tell them to stop and/or report the violation to the Board. It takes only one stray bullet that leaves the confines of the club and only one or two people who don't believe in following the rules to take away the privileges of the rest of the responsible members. Please don't let that happen. Be aware of what your neighbor is doing on the range.

...Bob Scherf
President

Letter To Members & Non Members

This Letter is to inform you that any MEMBER or NON-MEMBER found trying to move or fix any of the Trap Machines, will be brought up before the Board. We now have a Maintenance Committee who will take care of any problems. Thank you in advance for your support in this matter!

...Frank Kubica
Director / Machine Maintenance

Shooting Time Limit

Shooting MUST STOP on all ranges by 10:00PM sharp. Anyone caught violating this regulation will be brought before the board. We need to maintain a good neighbor policy with the surrounding development of new housing and neighbors. Right now we voluntarily stop shooting at 10PM as a courtesy. If we start getting too many complaints, the town of Elburn may be forced to mandate that shooting must stop at 10PM which could be the beginning of many more restrictions down the road. We certainly don't want that!

Be a good neighbor!

...Bob Scherf
President

Two Shell Rule

Club Rules states that a maximum of only TWO Shotgun shells are allowed to be used in a shotgun on club property while shooting Sporting Clays, Skeet, or Doubles Trap. Violators will be brought before the Board.

The ONLY exception is during special sanctioned club events.
